

Plutonium IN BELGIUM

SEVEN PRESSURISED WATER REACTORS (PWRs) IN OPERATION

- 5 PWRs not licensed for MOX use
- 2 PWRs using MOX fuel (There are also two PWRs at Chooz in France near the Belgian border, operated with Belgian participation).

ONE MOX FUEL FABRICATION PLANT

- P0, at Dessel/Mol (about 35 MT nominal annual capacity), which produced 345 MT MOX fuel as of end of 1997.

ONE NUCLEAR RESEARCH CENTER

- SCK/CEN at Dessel/Mol, which has carried out experiments on MOX fuel.

ONE HIGH ACTIVITY WASTE INTERIM STORAGE FACILITY

- Dessel/Mol
